

# Policy of

# QUALITY & FOOD SAFETY

In our organization, we are committed to ensuring the quality and safety of the products we offer, aligning them with the highest management standards and our customer's requirements.

To achieve this, we focus on the following fundamental principles:

### **Management Commitment**

Top Management is committed to developing, implementing, and maintaining an effective Food Safety Management System aligned with FSSC 22000, ISO 22000 requirements and Good Manufacturing Practices.

### **Food Safety Culture**

We promote a strong food safety culture where all employees understand their roles, responsibilities, and the impact of their activities on product safety.

### **Customer Focus**

We ensure safe, legal, and high-quality products that meet customer requirements and agreed specifications.

### **Legal and Regulatory Compliance**

We comply with all applicable food safety laws, regulations, and statutory requirements.

### **Risk-Based Thinking**

We apply risk-based thinking across all processes to ensure product safety and business continuity.

### **Resources and Infrastructure**

We allocate adequate human, technological, and financial resources to ensure product safety, quality, and legality.

### **Competence and Training**

We continuously develop employee competence through training in GMP, HACCP, and food safety culture.

### **Internal and External Communication**

We ensure effective, timely, and transparent communication with employees, customers, suppliers, and regulatory authorities.

### **Emergency Preparedness and Product Recall**

We maintain effective crisis management, product recall, and withdrawal procedures to protect consumers and the organization.

### **Continuous Improvement**

We continually improve system performance through audits, data analysis, corrective actions, and management review.

### **Sustainability and Responsibility**

We promote responsible practices that protect the environment and support sustainable development.

### **Communication and Commitment**

This policy is communicated, understood, implemented, and maintained at all levels of the organization and is available to relevant interested parties.
